1 SPOT = cash market // FUTURES = contract expiry

2 These are TRIVE MT4/MT5 Trading hours.

3 These spreads are our target spreads, and may be wider or variable especially overnight.

4 Trading may be suspended for some FX pairs between 23:59-00:01 MT4/MT5 time due to liquidity at the end of the US session

5 Contract will expire on settlement day of the individual product and will not roll automatically at the end of the trading period. Clients must open a new position manually on the next month's contract if they would like to continue trading the individual market.

6 Non-leveraged stocks are offered only on MT5.
